“(B) ADDITIONAL ALLOTMENTS TO STATES, DISTRICT OF COLUMBIA, AND PUERTO RICO.—Notwithstanding any other provision of this section, for each of fiscal years 2022 through 2025, of the amounts made available to carry out this section for the fiscal year remaining after all allotments under subparagraph (A) are provided for that fiscal year, the Administrator shall provide an additional allotment to each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico in an amount based on the proportion that, as determined in the most recently published annual estimate of the Bureau of the Census—

“(i) the population of the State, District of Columbia, or Commonwealth of Puerto Rico, respectively; bears to

“(ii) the total population of all States, the District of Columbia, and the Commonwealth of Puerto Rico.

“(3) ALLOTMENT UPDATES.—

“(A) IN GENERAL.—For fiscal year 2026 and each fiscal year thereafter, the Administrator shall use an updated allotment formula for amounts made available to carry out this section consistent with the formula developed pursuant to subparagraph (B)—

“(i) by not later than September 30, 2025, to ensure updated allotments are in effect for fiscal year 2026; and

“(ii) thereafter, by not later than 1 year after the date of submission of any new clean watersheds needs survey and associated data under section 516(b)(1)(B).

“(B) FORMULA.—

“(i) IN GENERAL.—The Administrator shall develop, by regulation, a formula for the calculation of allotments to States, United States territories, and possessions of the United States under this section, in accordance with clause (ii).

“(ii) REQUIREMENTS.—

“(I) BASES.—The formula under clause (i) shall be developed based on—

“(aa) the State needs identified in the most recently available clean watersheds needs survey prepared by the Administrator under section 516(b)(1)(B);

“(bb) the State population results of the most recent decennial census; and

“(cc) the most recently available water quality impairment component ratio published by the Administrator for purposes of this Act.

“(II) WEIGHT.—In developing the formula under clause (i), the Administrator shall give—

“(aa) 50 percent weight to the survey referred to in subclause (I)(aa);

“(bb) 30 percent weight to the census referred to in subclause (I)(bb); and

“(cc) 20 percent weight to the ratio referred to in subclause (I)(cc).

“(4) SAVINGS PROVISION.—To the extent practicable, the Administrator shall continue developing the allotment formula under paragraph (2) until the date on which the Administrator completes preparation of a new clean watersheds needs survey under section 516(b)(1)(B) for purposes of the updated formula under paragraph (3).”;

(2) in subsection (g)(1), by striking “shall not exceed 4” in the first sentence and all that follows through the second period and inserting “shall not exceed the greater of 4 percent and \$400,000.”; and

(3) in subsection (m)(1)(B), by striking “for this fiscal year.” and inserting “for that fiscal year.”.

SA 1472. Mr. LEE submitted an amendment intended to be proposed to amendment SA 1460 proposed by Mr. CARPER (for himself and Mrs. CAPITO) to the bill S. 914, to amend the Safe Drinking Water Act and the Federal Water Pollution Control Act to reauthorize programs under those Acts, and for other purposes; which was ordered to lie on the table; as follows:

At the end, add the following:

TITLE III—MISCELLANEOUS

SEC. 301. RESERVATION OF WATER RIGHTS AT NATIONAL MONUMENTS.

Section 320301 of title 54, United States Code, is amended by adding at the end the following:

“(e) WATER RIGHTS.—

“(1) NO RESERVATION OF WATER RIGHTS.—In designating a national monument under subsection (a), the President may not reserve any implied or expressed water rights associated with the national monument.

“(2) APPLICABLE LAW.—Water rights associated with a national monument designated under subsection (a) may be acquired for the national monument only in accordance with the laws of the State in which the water rights are located.”.

SA 1473. Mr. BLUNT submitted an amendment intended to be proposed to amendment SA 1460 proposed by Mr. CARPER (for himself and Mrs. CAPITO) to the bill S. 914, to amend the Safe Drinking Water Act and the Federal Water Pollution Control Act to reauthorize programs under those Acts, and for other purposes; which was ordered to lie on the table; as follows:

At the appropriate place, insert the following:

SEC. ____ . SELECTION CRITERIA.

(a) IN GENERAL.—Section 5028(b) of the Water Infrastructure Finance and Innovation Act of 2014 (33 U.S.C. 3907(b)) is amended—

(1) in paragraph (2), by adding at the end the following:

“(L) The extent to which a project considers collaborative project delivery methods that—

“(i) reduce overall project costs;

“(ii) reduce the contribution of Federal grant assistance;

“(iii) enable the project to proceed at an earlier date than the project would otherwise be able to proceed;

“(iv) mitigate environmental impacts; or

“(v) result in such other benefits as the collaborative project delivery methods may provide.”; and

(2) in paragraph (3), by striking “(K)” and inserting “(L)”.

(b) DEFINITIONS.—Section 5022 of the Water Infrastructure Finance and Innovation Act of 2014 (33 U.S.C. 3901) is amended—

(1) by redesignating paragraphs (2) through (15) as paragraphs (3) through (16), respectively; and

(2) by inserting after paragraph (1) the following:

“(2) COLLABORATIVE PROJECT DELIVERY METHOD.—

“(A) IN GENERAL.—The term ‘collaborative project delivery method’ means a method for procuring and delivering a capital project that involves close collaboration among the owner of the project, the designer of the project, and the contractor for the project from design through completion, including a construction management at-risk method and a design-build method.

“(B) ASSOCIATED DEFINITIONS.—

“(i) CONSTRUCTION MANAGEMENT AT-RISK METHOD.—The term ‘construction management at-risk method’ means a delivery method in which the owner of a project retains an engineering firm and a construction management at-risk firm under 2 separate contracts for design and construction, respectively.

“(ii) DESIGN-BUILD METHOD.—The term ‘design-build method’ means a delivery method under which the owner of a project enters into a single contract with a design-builder to design, seek permits for, construct, test, and commission a project.”.

SA 1474. Ms. HASSAN submitted an amendment intended to be proposed by her to the bill S. 914, to amend the Safe Drinking Water Act and the Federal Water Pollution Control Act to reauthorize programs under those Acts, and for other purposes; which was ordered to lie on the table; as follows:

Beginning on page 142, strike line 22 and all that follows through page 144, line 5, and insert the following:

“(II) a community described in section 1459A(c)(2);

“(ii) has plans to identify or has identified opportunities in the operations of the public water system to employ new, existing, or emerging, yet proven, technologies, including technology that could address cybersecurity vulnerabilities, as determined by the Administrator, that enhance treatment, monitoring, affordability, efficiency, or safety of the drinking water provided by the public water system, including technologies not identified in the study conducted under subsection (a)(1); and

“(iii) has expressed an interest in the opportunities in the operation of the public water system to employ new, existing, or emerging, yet proven, technologies, including technology that could address cybersecurity vulnerabilities, as determined by the
